# Reseller Program Information

## Accessing the Reseller Area

Listed below are the resellers pages by product:

- [DisplayFusion](#)
- [LogFusion](#)
- [ClipboardFusion](#)
- [VoiceBot](#)
- [FileSeek](#)
- [TrayStatus](#)

Enter your email address and password and click the "Login" button. If you don't have a password yet, use the "I forgot my password" link to set it.

Once you're logged in and you've accessed the Reseller area, you can purchase licenses in any quantity, and then issue them to your customers.

## Purchasing Reseller Licenses

Licenses must first be purchased via credit card before they can be issued to the customer.

Follow the steps below to purchase one or more licenses that will be later issued to customers:

1. On the left-hand side of the Reseller area (the box labeled "Step 1"), choose a license type (Standard, Personal, Site, or Enterprise)
2. Enter the quantity of licenses you wish to purchase. Note, you can purchase licenses in bulk, and they can be issued individually to different customers any time in the future
3. Click "Purchase"
4. Follow the instructions to pay for the licenses via credit card or PayPal

Once the transaction has completed, follow the instructions in the next section, "Issuing Licenses to Customers" to assign the newly purchased license(s) to your customer.

## Issuing Licenses to Customers

If you have purchased licenses that have not yet been distributed, follow the steps below to issue them to your customer:

1. Choose a Payment ID from the list. Note that the license type is listed beside the Payment ID

2. Enter the customer's name or their company name in the "Name" box
3. Enter the customer's email address in the "Email Address" box. The email address associated with your reseller account will be CC'd as well
4. Enter the quantity of licenses to issue
5. Click the "Assign" button

If you have any questions or concerns about the process, or run into any trouble, please feel free to [contact us](#).

# About Binary Fortress Software

At Binary Fortress our goal is to make apps that make your life easier. From multi-monitor enhancements, to helping you deal with email notifications we have everything you need to streamline your day.
